LA JOLLA, Calif., Sept. 12, 2018 /PRNewswire/ -- Wamberg Genomic Advisors announced that The Penn Mutual Life Insurance Company (Penn Mutual) will be providing the Cancer Guardian™ program to its associates, plus their spouses and dependents starting on October 1st. Since 1847, Penn Mutual has been committed to helping people live life with confidence. At the heart of this purpose is the belief that life insurance is central to a sound financial plan. Their network of trusted advisers is dedicated to helping individuals, families and businesses achieve their dreams. Penn Mutual engaged Pentra, LLC, An Alera Group company to assist in the evaluation of the Cancer Guardian program.

Cancer Guardian is a program that provides guidance, resources and access to leading-edge DNA testing at the time of a cancer diagnosis. Wamberg recently announced enhancements to Cancer Guardian to now include expanded *Comprehensive Cancer Support*.

According to David O'Malley, president and chief operating officer of The Penn Mutual Life Insurance Company, "Penn Mutual's greatest strength is its people. Cancer can impact anyone, and the Cancer Guardian program further strengthens our commitment to our associates at times when they need it the most."

Added Tom Wamberg, president & CEO of Wamberg Genomic Advisors, "With this program, Penn Mutual is clearly deepening the bond with their greatest asset – associates. Individuals empowered with a host of resources, and access to advanced genetic testing are better equipped to navigate through a critical life event, such as cancer. Additionally, knowledge of a person's genome is enabling medical professionals to develop personalized health strategies, treatments, and care paths when needed."

About Pentra, LLC, An Alera Group Company
